TREC is a three phase event, with a pre-planned route to be followed using a map at set speeds (the POR). Riders also show their Control of Paces (MA) (slow canter and fast walk) and complete a timed obstacle course (the PTV) including optional hazards likely to be found on a trail ride such as opening a gate, crossing a small ditch or step up, led obstacles, and skills like rein back or bending.

At this event we will only be completing the PTV & Control of Paces (MA) phases

The V-Bandz Winter League will include results from all TREC GB Arena TREC competitions held in from 1st September 2020 to 6th April 2021 for Open, Open Intermediate, Intermediate, Newcomer and Novice Horse classes. Points will be awarded for placings (1st = 10 points, 2nd = 9 points, etc) and the best 4 placings for each horse and rider combination will be used to calculate the League standings. If a competitor is eliminated in the PTV phase, there will be no league points awarded for that round, even if they are placed in the class.

Riders who are not current members of TREC GB can join within 48 hours of the competition for their performance at that event to count.

The highest four scores will be counted for the league. In the event of equal positions after 4 events the position at a fifth event will be taken into account. If still equal the TOTAL actual PTV scores (from 4 events) will be taken into account.

Equine Flu Requirements: TREC GB requires that all events, including training & camps, involving equines should insist that vaccinations are up to date (12 month cycle) and check passports before horses are unloaded. Horses that have had their annual vaccination or a booster, within the last six days of the event should not be allowed to compete. For unvaccinated horses to be able to compete a new programme takes a minimum of 28 days.

1. The twelve month cycle means that a horse's vaccinations should be dated on or within 365 days (twelve months), for each year recorded on the passport, after the initial cycle of three injections were originally completed. For example a horse vaccinated on 15th March one year needs to be vaccinated on or before 15th March the following year. This also applies in leap years.

2. Horses with several years of annual booster vaccinations can have gaps in their record provided that;

- a) The first two primary injections were administered correctly before 1st January 2015. (2nd injection 21-92 days after the 1st injection).
- b) All annual boosters since 1st January 2015 are within time.

Please send a copy of your horse's vaccination certificate to the entries secretary along with your entry before the closing date for verification and addition to the TREC GB Equine Vaccination database. Subsequent boosters can be notified to organiser or sent to admin@trecgb.com for database update. Copies can be sent by email/post
