Equine Flu Requirements: TREC GB requires that all events, including training & camps, involving equines should insist that vaccinations are up to date (12-month cycle) and passports are checked before horses are unloaded. Horses that have had their annual vaccination or a booster, within the last six days of the event should not be allowed to compete. For unvaccinated horses to be able to compete, a new programme takes a minimum of 28 days.

1. The 12-month cycle means that a horse's vaccinations should be dated on or within 365 days (twelve months), for each year recorded on the passport, after the initial cycle of three injections were originally completed. For example, a horse vaccinated on 15th March one year needs to be vaccinated on or before 15th March the following year. This also applies in leap years.
2. Horses with several years of annual booster vaccinations can have gaps in their record provided that:
 - a) The first two primary injections were administered correctly before 1st January 2016. (2nd injection between 21-92 days after the 1st injection).
 - b) All annual boosters since 1st January 2016 are within time.

Your horse can be registered on the TREC GB central register by sending a copy of the full vaccination record and horse registration details from the passport to admin@trecgb.com. Alternatively, your horse will be registered by the Entries Secretary for this event, please include a copy of the vaccination certificate and horse registration details when sending your completed entry in. Please email Jo Ralston joralston@gmail.com if you have any vaccination queries.

What is TREC?

TREC is a fun riding event usually comprising three phases. The competition involves the skills and situations a rider might encounter on a hack, including map reading (using Ordnance Survey maps usually 1:25 000 scale)

For more information about TREC, please visit the TREC GB website <http://trecgb.com/>

Rules

All entrants must agree to comply with the TREC GB Rules as per the 5th edition TREC GB rulebook (plus subsequent amendments), which can be found at <https://trecgb.com/rules/>

In addition, pay particular attention to the following:

- 1) Horses must be a minimum of four years old to enter. Mares more than four months pregnant may not compete.
- 2) The welfare of horses competing in British TREC competitions is paramount. No horse may compete if it is unsound or unfit to carry the rider for any reason. Any rider who continues on a horse that they know to be unsound or that has been definitively stopped by the veterinary surgeon or designated competent official on fitness and/ or welfare grounds will be eliminated from the competition.
- 3) Riders under the age of fourteen on day of the event may only compete in Pairs classes and must be accompanied by a rider of **18 years or older**. Pairs ride together for POR and separately for the MA and PTV. [Parents/guardians of competitors under the age of 18 on the day of the competition will be required to complete a Parental Consent Form](#)
- 4) All riders competing must be members of either TREC Isle of Man, TREC GB or a club affiliated to TREC GB. Non members will pay an additional £5 to become members of TREC Isle of Man for the duration of the event.
- 5) Clearly visible coloured tail wraps/ribbons should be worn to advise other riders of a potential hazard – Red = kicker, Green = young/inexperienced horse, Blue = stallion. If the horse/pony is a stallion then stallion discs must also be worn on both sides of the bridle.

It is your responsibility to familiarise yourself with the basic rules. The TREC GB Rulebook (5th edition 1 February 2019 and the changes to it) can be found on the TREC GB website, <https://trecgb.com/rules/>

REQUIRED EQUIPMENT

Tack and equipment will be checked. The following should be carried on the POR phase.

Compulsory Equipment - Riders will not be permitted to start the POR without carrying ALL the items on this list:

- Medical armband
- Horse ID with rider number and emergency phone number
- First aid kit for both equine and human *. The main purpose of the first aid kit is to help stop blood loss and it therefore must include: • at least 5 sterile swabs • 1 pair of round-ended scissors • 1 elastic bandage, around 10cm wide • 1 disinfectant or antiseptic solution.

POR Additional Equipment (for all riders) Failure to have these items incurs a 2 point penalty for each item up to a maximum of 10 penalty points:

Recommended Equipment
